| 7.  | Lateral    |          | 15. | OD          |          |
| 8.  | Ab..       |          | 16. | (ū)         |          |

|     |                 |  |  |
|-----|-----------------|--|--|
| 11. | Laryngoscope    |  |  |
| 12. | Microlithiasis  |  |  |
| 13. | Osteoarthritis  |  |  |
| 14. | Ophthalmologist |  |  |
| 15. | Thoracentesis   |  |  |

**Part IV: Write the meaning of the following terms : (15 points)**

1. Allergy : \_\_\_\_\_
2. Hysterectomy: \_\_\_\_\_
3. Shock: \_\_\_\_\_
4. Electrocardiography: \_\_\_\_\_
5. Hemoptysis: \_\_\_\_\_
6. Ischemia: \_\_\_\_\_
7. Necrosis: \_\_\_\_\_
8. Thrombus: \_\_\_\_\_
9. Acute: \_\_\_\_\_
10. Paralysis: \_\_\_\_\_
11. Lateral: \_\_\_\_\_
12. Anterior: \_\_\_\_\_
13. Infection: \_\_\_\_\_
14. Drug: \_\_\_\_\_
15. Nocturia: \_\_\_\_\_

**Part III: Determine All components then write the mean of the following terms:**  
 (15 points)

| No. | Term            | Components                                  | Full Meaning |
|-----|-----------------|---|--------------|
| 1.  | Pericarditis    | Prefix: Peri<br>Root: card<br>Suffix: it is |              |
| 2.  | Chondroblast    |   |              |
| 3.  | Arteriorrhexis  |   |              |
| 4.  | Pyrogenic       |   |              |
| 5.  | Gastroenteritis |   |              |
| 6.  | Blepharitis     |   |              |
| 7.  | Cholangioma     |   |              |
| 8.  | Hemiplegic      |   |              |
| 9.  | Hemorrhage      |   |              |
| 10. | Hyperkalemia    |   |              |

**Part V: Write the meaning of the following abbreviations: (15 points)**

- cc: \_\_\_\_\_
- OTC: \_\_\_\_\_
- qod: \_\_\_\_\_
- Tid: \_\_\_\_\_
- SOS: \_\_\_\_\_
- Rx: \_\_\_\_\_
- PR: \_\_\_\_\_
- ACEI: \_\_\_\_\_
- SC: \_\_\_\_\_
- IV: \_\_\_\_\_
- tbsp: \_\_\_\_\_
- Susp: \_\_\_\_\_
- qs: \_\_\_\_\_
- elix: \_\_\_\_\_
- a: \_\_\_\_\_

**Part VI: Write the correct term of the following: (15 points)**

- Excess fluid builds up in cells or tissues: \_\_\_\_\_
- The agent that may cause cancer: \_\_\_\_\_
- The agent that used to treat cancer: \_\_\_\_\_
